Interview Agenda for September 23, 2008 2PM Interview

Agenda

Describe Claimed Invention

Discuss disclosures of each cited reference

Request for Examiner to describe what the end resultant product looks like

Request for Examiner to explain reason for modifying any reference, including where in the record that reason is supported.

Request for Examiner to point to legal support that a reason for modifying a reference does not have to be supported by evidence in the record.

Request for Examiner to explain what limited number of modifications would be available for the proposed modification of any reference to meet the initial requirements for a predictable result analysis

Discussion of what Applicants believe each proposed modification or combination would result in

Discussion of Applicants previously submitted remarks, including applicants notation that the Office Action's proposed modifications would materially change any Initially relied upon reference to the point to negate the invention thereof, and therefore would not have been obvious.
